You applied for ATAS clearance on 21/01/2026 to study PhD Computer Science (CAH11-01-01) at Imperial College London.

You stated that your thesis, area of research, or the modules of your taught Postgraduate course would be:

"Research Topic: EgoVTLA: A Multi-modal Dexterous Foundation Model driven by World Model  
The research focuses on the development of a foundation model for dexterous systems that integrates multi-modal input data, including vision, tactile feedback, and action generation. The main goal is to enhance the system's ability to generalize across platforms, using a world model to predict system behavior based on environmental interactions. The work emphasizes improving system performance through optimization methods, with a focus on understanding interactions based on multi-modal data integration and physical principles."

I am pleased to inform you that your ATAS application was successful.

You will need to include this ATAS certificate with your other supporting documents when you make your visa application or if you are a visitor, before you begin your research.

This certificate is only valid for the named individual, University / Higher Education Institution / Research Institution and subject areas stated above. It is valid for six months from the date of issue. However, if you wish to study or undertake research at another University / Higher Education Institution / Research Institution, change your course / area of research or extend your course or research by more than three months, you will need to apply for another ATAS certificate. You can do this via the ATAS website <https://www.academic-technology-approval.service.gov.uk>.
